

REVISION COURSES

EASTER 2025

Kings College London

14 -17 April 2025

OXFORD REVISION COURSE

OXFORD REVISION COURSE (ORC)

Our Aims

At Oxford Revision Course, we are dedicated to helping students excel in their GCSE and A-Level examinations.

Our comprehensive revision programmes are designed to meet diverse learning needs, offering flexibility and expert guidance to ensure academic success.

Our Courses

We provide three tailored types of revision courses:

1. Online Intensive Revision

Engage in focused study sessions from the comfort of your home, guided by our expert tutors.

2. In-Person Courses

Join us in Oxford or London for immersive, personalised, face-to-face revision experiences.

3. Hybrid Courses

Benefit from the flexibility of combining online and in-person sessions to suit your schedule and learning preferences.

Easter 2025

Students can prepare for their exams from the comfort of their own home or in the prestigious in-person teaching environment of Kings College London.

Why Choose Us?

Expert Tutors

Our team comprises highly qualified professionals, including examiners and senior examiners, who bring invaluable insights into the examination process.

Personalised Learning

We tailor our approach to meet the unique needs of each student, ensuring targeted support that addresses individual strengths and areas for improvement.

Flexible Scheduling

With courses available throughout the year, including Easter and holiday periods, we offer the flexibility to fit revision around your commitments.

Proven Success

Our students consistently achieve their academic goals, with many improving their grades and gaining confidence in their subjects.

OXFORD REVISION COURSE (ORC)

Course Features

Small Group Sessions

Experience the benefits of collaborative learning in small groups, fostering discussion and deeper understanding.

One-to-One Tuition

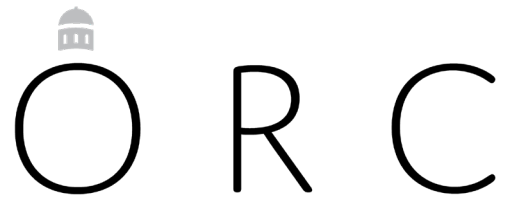

For those seeking individual attention, we offer personalised sessions focused entirely on your specific needs.

Comprehensive Subject Coverage

We cater to all subjects and exam boards, ensuring that whatever your study requirements, we have the expertise to support you.

Exam Techniques and Strategies

Learn effective revision methods and exam techniques to enhance performance and reduce anxiety.

Oxford Revision Course is committed to providing exceptional revision support, empowering students to achieve their full potential.

Testimonials

"We have been delighted by the tuition provided by Oxford Revision Courses. My daughter received the most excellent, bespoke support for her A levels."

"The tutoring is really good, in terms of how it's related to you and focused on how to better your understanding of the work."

EASTER 2025

Our Dates

Our Easter programme will take place between Monday 14th and Thursday 17th April 2025.

Our Location

It will be a mixed offering of online courses, hybrid (online and in-person) alongside in-person at Kings College London (KCL).

Our Programme

Our programme offers comprehensive coverage of A-Level, IB and GCSE subjects.

Additionally, we provide specialised guidance and support for the Extended Project Qualification (EPQ).

Subjects

Subjects covered include Geography, Psychology, Economics, Mathematics, Further Mathematics, Biology, Chemistry, Physics, History, Business Studies, English Literature, and English Language. Other subjects are also available.

Our Goal

Our goal is to ensure interactive classes focused on key revision and exam technique with experts in their field.

By the end of the four days, students should come away with new knowledge, further exam practice, and personalised feedback on what they have achieved.

Example Timetable

Example Timetable (A Level Geography Day 1)

Each small group will have 5.5 hours of teaching daily, alongside a lunchbreak and 2 shorter breaks. As seen in the example content below, key theoretical concepts will be covered through interactive activities, followed by applied examples and exam practice.

Session 1 9.30 - 10.45	Hydrology and Fluvial Geomorphology Drainage basin system Discharge relationships River channel processes and landforms
Break 1 10.45 - 11.00	Free time (students in-person to remain on-site)
Session 2 11.00 - 12.30	Hydrology and Fluvial Geomorphology Human impacts on catchment areas Case study review and practice questions Atmosphere and Weather Diurnal and global energy budgets Weather processes and phenomena
Lunch Break 12.30 - 13.30	Free time (students in-person to provide their own lunch)
Session 3 13.30 - 14.45	Exploring exam / past paper questions on Hydrology and Fluvial Geomorphology, and Atmosphere and Weather. Students to tackle exam question,
Break 2 14.45 - 15.00	Free time (students in-person to remain on-site)
Session 4 15.00 - 16.30	Exploring solutions and markschemes for questions completed in previous session. Discussion of exam technique to prepare students for exam conditions

Our Tutor Team

Colin Murphy

Colin Murphy is the Director of Oxford Revision Course and an experienced Psychology teacher with a strong track record of helping students achieve top academic results. He holds a BA in Psychology, as well as an Msc in Neuroscience. He has worked extensively in education, serving as a subject specialist, academic mentor, and programme leader. Colin is also the author of several books on psychology and study skills, sharing his expertise to help students improve their performance. Colin is also an AQA examiner, giving him an insight into the requirements of the exam board. His knowledge of AQA specifications and exam procedures, and engaging teaching style make him a highly respected figure in exam preparation and student success.

Dan Casey

Dr Dan Casey is the Director of Studies at Oxford Revision Course and an experienced geography educator and CIE examiner. He holds degrees in Geography from Cambridge, an MSc in Environmental Change and International Development, and a PhD from the University of Sheffield. Dr Casey has extensive experience teaching at all levels and is a specialist in supporting students to achieve top academic results. He is highly skilled in supercurricular development, university applications, and interview preparation, particularly for competitive institutions like Oxbridge. Well-travelled, having visited over 33% of the world's countries, Dr Casey brings a global perspective to his teaching.

Our Tutor Team

Paul

Paul is a highly experienced chemistry educator and examiner with a strong track record of helping students achieve outstanding results. He has taught and led chemistry departments internationally and across the UK, including roles at a further education college in Plymouth, Oxford International College, and with Oxford Revision Course. His extensive experience as both a teacher and examiner equips him with deep insight into exam requirements and effective strategies to boost student performance. Paul's commitment to academic success and his ability to inspire a passion for chemistry make him an invaluable asset to our team.

Ronan

With over 14 years of international teaching experience, Ronan has taught Business, Global Politics, and Economics, focusing on fostering a global perspective in students. Holding a qualification in Business and Economics, he delivers practical, real-world knowledge through engaging lessons tailored to diverse learners. Ronan is also an experienced examiner, serving for 8 years as an Associate Business Examiner for CIE and as an Economics Examiner for AQA. These roles have enhanced his expertise in curriculum standards, assessment, and student performance evaluation. His extensive experience and commitment to education position Ronan as a highly capable and dedicated educator focused on student success.

Zahra

Zahra is an experienced educator with over ten years of expertise as a GCSE and A-level teacher and examiner. She holds degrees in Mathematics, Physics, and Chemistry, as well as a Master's degree in her specialised fields. She has successfully conducted STEP, MAT, PAT, BMAT, and AEA classes, offering both face-to-face and virtual instruction. Zahra's commitment to excellence in education is evident in her tailored approach to fostering student success in challenging examinations.

Nina

Nina is an experienced History teacher with extensive experience in both the private sector and various grammar schools across the UK. She holds a degree in History from the University of York, as well as a Post Graduate degree in education. She has extensive experience in teaching and has taught both A Level and GCSE, as well as IB History, demonstrating her deep knowledge and passion for the subject. As a lead examiner for GCSE and an examiner for both AQA and Edexcel History, she brings a wealth of expertise to her teaching, making her lessons both engaging and exam-focused.

Our Tutor Team

Alison

Alison is truly exceptional, particularly with younger students. Here's a snapshot of her impressive background: She currently serves as a Biology and GCSE science teacher with Oxford Revision Course, where she diligently imparts knowledge and guidance. With extensive experience in further education, she has supported struggling students from GCSEs to A-levels. Alison is also a respected practical examiner for AQA, showcasing her expertise in assessment. Previously, she contributed significantly as a scientific advisor and researcher for the BBC, notably on renowned programmes like *Tomorrow's World*. For the past five years, she has been an invaluable member of the Oxford Revision Course faculty, delivering supplementary lessons to our students across GCSE to A-levels.

David

David teaches Economics and Business Studies at both GCSE and A Level. He has served in various prominent roles, including Head of Economics, Head of Young Enterprise, and Assistant Housemaster at St Edward's, Oxford. His expertise extends to international curricula, having taught A Level and IB Economics, Assistant Examiner for AQA Economics for 10 years. David holds a BSc in Economics and Politics from the University of Bath. He is also the author of *Pearson Baccalaureate Essentials: Economics*, published by Pearson Education in 2014. His commitment to academic excellence and student success has made him a respected figure in the field of education.

Robert

Robert Pruciak is a highly professional teacher who has been educating students both in group settings and through one-on-one tuition. He holds a Bachelor's degree in Physics from the University of Edinburgh and has furthered his educational qualifications with a PGCE and a Master's degree in Learning and Teaching from Oxford University. His comprehensive training and extensive experience make him a distinguished educator in his field. Beloved by his students, Robert is known for his incredible patience and dedication, consistently going above and beyond in his commitment to their success.

LOCATION

Kings College London

We will be hosting our in-person event at King's College London's Strand Campus, situated in Zone 1 in the heart of central London, overlooking the River Thames.

Getting to Kings College London

Nearby Underground stations (train lines):

Temple (District / Circle line): next to the campus

Holborn (Central line): 10 minute walk

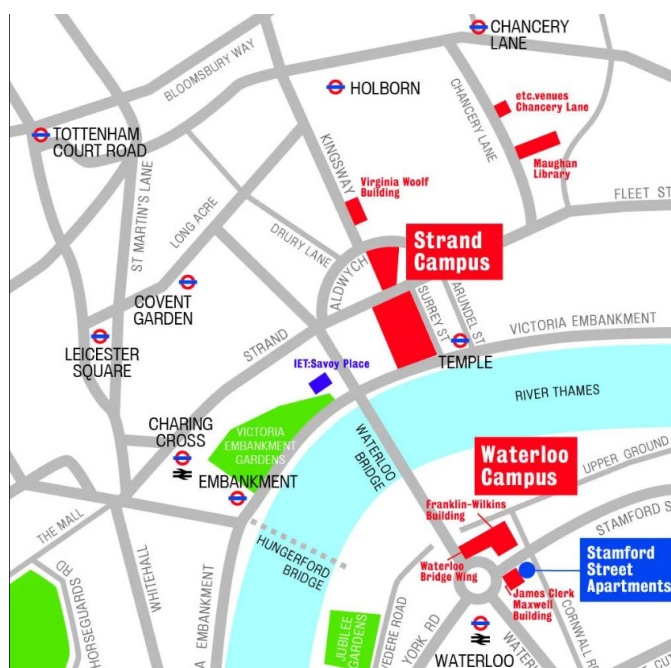

Covent Garden (Piccadilly line): 10 minute walk

Charing Cross (Bakerloo /Northern): 11 minute walk

Taxis and private ride services like Uber and Bolt are also available

Commuting from Zone 2 typically takes around 30 minutes by car or the Underground, while travel from Zone 3 may take 45 minutes.

Commuting times may be longer, depending on traffic conditions

Online Platform

Zoom

Zoom is the application/platform that we plan to use to set up the online sessions.

The Zoom app can be downloaded on your devices very conveniently through the App store / Google Play Store / or via the Zoom website for those planning to download on their computer.

Students can join online sessions easily after creating an account

Zoom meeting details will be sent to both students and parents, and only emails registered with us will be permitted to join the meeting.

We will have staff available to contact and assist the students with any online learning troubles throughout the day via WhatsApp and email.

Additional exam paper marking can be added later and arranged by emailing info@oxfordrevisioncourse.com

FAQs

What resources will I receive?

You will receive a timetable, room allocations of the lessons, and a list of tutors you will be working with. The topics that will be discussed in the classroom will also be emailed to the student and the parent/guardian.

What if I want to study a different subject or syllabus?

Please send an email to info@oxfordrevisioncollege.com enquiring about the request and we will try our best to organise a revision course that will best help the student.

How is this different to other revision courses?

This revision course is organised around small class sizes, ensuring that all students get full support from our well qualified tutors.

Our tutors are all current teachers in top UK sixth form colleges as well as examiners and lead examiners for exam boards.

Our pricing is on the friendlier side compared to other revision courses.

Students are encouraged to talk and provide honest feedback to tutors and staff. We aim to provide the most flexible support to ensure they are fully prepared for the exam season.
